From The Principal

Tell Them From Me Surveys

Information was sent home informing parents about a survey we are asking the students to complete. The surveys are confidential and inform the school about student wellbeing.

If you do not want your child to participate, return the note back to the school.

Approaching Students

Students have settled in well to their classes, getting to know new friends and the expectations of their new class teachers.

At times, students may tell their parents about other student's behaviour towards them. It is important that when parents are concerned about other student's behaviour they inform the class teacher or office. At no time should parents approach other children or their parents.

Harmony Day

The school celebrated Harmony Day today with many parents and community members in attendance. We were appreciative of the support we received from various community groups even though the weather wasn't that great.

The students that spoke and performed on the day were outstanding. Thank you to the committee that organised this wonderful event.

Congratulations

Well done to Jazz T, Cody H, Iszak I, Jeziah P and Arty B for making it to the Regional Swimming Carnival.

Jazz T was named the 11 yr Boys Zone Champion and has progressed to compete at the State Swimming Carnival. Rosemeadow came 4th overall.

No Dogs

It is against school policy to allow dogs on school grounds, so please ensure that you keep all pets at home when dropping off or picking up your child.

National Day Against Bullying and Violence

Last Friday we celebrated the National Day Against Bullying and Violence at Rosemeadow Public School.

Students in all grades made posters and displayed them proudly around the school. We had a short assembly where prizes for the best posters were handed out and a surprise visit from Captain Consideration who reinforced his motto "Be a buddy not a bully" took place.

When someone says or does something *unintentionally* hurtful and they do it once, that's **RUDE.**

When someone says or does something *intentionally* hurtful and they do it once, that's **MEAN.**

When someone says or does something *intentionally* hurtful and they *keep* doing it even when you tell them to stop or show them that you're upset—that's **BULLYING.**

Easter Hat Parade

On Thursday 29th March, Kindergarten, Year One and Year Two will be participating in a Hat Parade from 9.30am to 10.30am under the shelter area. Parents and family members are welcome to attend.

Parents are asked to assist their child in making a simple decorative hat. We encourage parents to keep cost to a minimum.

If you have any questions please contact your child's teacher.

We hope to see you there.

Stewart House

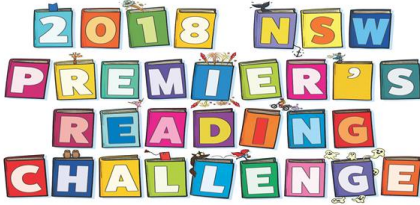

Would you like to WIN a \$4000 family holiday to a destination of your choice?

Each year 1,800 public school children come to **Stewart House** from many parts of NSW and the ACT for a 12 day stay. During their stay, children are provided with optometric, dental and medical treatment as well as emotional support. This is balanced with health and educational programs and out of school activities to boost self-esteem and to promote a healthier lifestyle.

Stewart House is holding a donation drive. For your chance to win the family holiday, please place your donation (minimum \$2) in the Stewart House envelopes provided to your child, and return to the school office by Monday 21st May.

Thank you for supporting NSW Public Education's Charity of Choice.

From the Library:

The Challenge has begun! This is **not** a competition but a personal challenge. Notes have gone home to children who expressed an interest in completing the Premier's Reading Challenge for 2018.

If your child did not receive a note and you would like them to participate, I have more notes in the Library.

Coles Sports for Schools Program

15000 Coles vouchers so far. Keep them coming. Our goal is 35000!

Support Unit

This term K/6H has been loving working on our Science investigations and Friday afternoon STEM activities. We are working on investigating different materials during Science. So far we have investigated thermal materials and found that foil keeps the heat in very well. During STEM we have enjoyed lots of activities such as making slime, making towers from pencils and also a fun afternoon of LEGO challenges with Mr Hughes. Stay tuned for some more exciting things from our Support Unit classes soon.
